Chittagong service space situation update

REF.NO. 171206B-1

Dear valued customer/all booking agency,

Chittagong service is currently facing draft restriction due to dry season, our loadability on KLINE own vessel is being affected. Together with the continuously delay on vessel schedule due to port congestion at Chittagong, our service roll pool will increase to **3-4 weeks**, and the actual waiting time may be longer subject to actual vessel schedule.

Situation will unlikely to get better during dry season, in order avoid the roll pool volume to escalate further, we will control booking volume to Chittagong and avoid sending big lots to Chittagong, All on water cargos will be subject to 3-4 wks roll over, except for special cargos (RFR/ DG class 2).
